Welcome to my country, the land of the great bay of the Boon Wurrung people, our beautiful home. On behalf of the Boon Wurrung, a clan of the greater Kulin nations, I welcome you to our land. Euro Yuroke — more commonly known as St Kilda — and its surrounds are special places which continue to carry forward the spirit of our tradition. This land will always be protected by the creator, Bunjil, who travels as an eagle, and by Waarn, who protects the waterways and travels as a crow. As the spirit of my ancestors lives, let the wisdom and the spirit of generosity which Bunjil taught us influence the opportunities that may arise at this meeting place.

Welcome!

Take several helpings of fantastic Australian music, add a stunning foreshore and mix with visual arts, comedy, film and family activities, and you have the recipe for the largest free street festival in the Southern Hemisphere — St Kilda Festival.

St Kilda has long been recognised as a place of inspiration and influence in Australian music. St Kilda Festival celebrates this by providing a platform for local artists to come together and share their talents with music lovers of all ages.

Like St Kilda Festival, the Victorian Government is committed to promoting our local music scene and providing opportunities for local artists to take the next step in their careers.

This year as part of the Festival, Arts Victoria's Contemporary and Live Music Development team will present the Funding your Future forum, an information session for artists, music industry organisations and music managers that will present the range of funding avenues for music projects in Victoria. Whether you're looking to record a demo, undertake promotional activities or embark on an international tour, we invite you to come along to this free forum.

Congratulations to the Festival team who have cooked up another dynamic program that showcases the best local music and cultural activities and with it, the vibrancy of the St Kilda community.

Enjoy St Kilda Festival 2013.

**FESTIVAL PRODUCER**

I am excited to introduce the 2013 St Kilda Festival to you. This year the Festival will be another action packed, week-long, free, community event supporting Australian musicians and the live music industry. We have a bumper line up of over 100 music acts, Indigenous cultural events, family friendly activities and art exhibitions. The Festival runs from 2 - 10 February and is presented and produced by the City of Port Phillip.

This year's St Kilda Festival is presented in three parts – the Yalukit Wilum Ngargee Festival, the Live N Local program and Festival Sunday.

The Festival officially kicks off with the annual Yalukit Wilum Ngargee Festival, incorporating events that run from 31 January to 15 March, with its main day being the opening of the 2013 St Kilda Festival on 2 February. The Festival features a wide array of Aboriginal and Torres Strait Islander programs including music, dance, visual art, design and crafts.

The Live N Local program, running from 3 - 9 February, is committed to supporting local emerging music talent and entertainment, and will be bigger than ever in 2013 with over 70 performances. So there is sure to be something for everyone!

Festival Sunday is a car free event. So please leave the car at home, jump on your bike or hop onto public transport to get to the Festival. Also remember this is an alcohol free, family friendly street event. Check out the program or visit our website for more details ([www.stkildafestival.com.au](http://www.stkildafestival.com.au)).

Enjoy!

There are more than 150 bands and more than 50 diverse activities in this program that need your attention – I'll be brief so you can turn the page and make a start! Firstly some dates for your diary:

Yalukit Wilum Ngargee (main day) – Sat 2 Feb  
Live N Local – Sun 3 Feb - Sat 9 Feb  
Festival Sunday – Sun 10 Feb

For many, this Festival is a favourite Melbourne event and its sum is greater than its parts. It isn't just the different flavours of Yalukit, Live N Local and Festival Sunday, or the musicians, community groups and sporting events that come together with the masses of people, and it's not just about taking over the St Kilda streets to celebrate summer. It's all of these things combined: a Melbourne masterpiece that has been cherished by generations.

While I've got your attention there are some thanks to be given. To the musicians that come together to perform everywhere from the Acland Street laneways to the Main Stage, without you we have no Festival – thank you for being a part of it. To everyone bringing an activity to the Festival, this program is nothing without you – thanks for your ideas, energy and passion. To the community of St Kilda that host the event, and especially the venues that support the artists, you make this Festival unique. To the Festival sponsors and partners, we've loved every minute of working with you and I know the audience will too. To the most hardworking, dedicated and all-round brilliant team of Festival staff and volunteers – I can't give you your summer back, but I promise it will all be worth it.

Thanks to the State Government for its support of the 2013 St Kilda Festival. And to the City of Port Phillip – as I always say, it's a rock n roll council, recognising the importance of cultural vitality and the spirit of St Kilda – thank you for continuing to support this spectacular and truly singular event.

# THE ALL NEW VANESSA SHE'LL TAKE YOUR BREATH AWAY

Party with the new and improved Vanessa at her first ever St Kilda Festival (remember how much fun yours was?).

Strike a pose in the photobooth, pick up some awesome merch, kick back on the viewing deck (that's right, two floors!), and stay safe with a free breath test.

You'll find the Vanessa Crew breath testing all day long.
